This is a Fundraiser for **Rutherford County Crimson Tide.** We are selling **Tide** and **Gain** Formula Laundry Detergent and **Downy** Fabric Softener in **5 gallon** containers. **All formulas work for regular and high-efficiency clothes washer units.** All products are \$55.00 each and come with a dispensing pump.

Wal-Mart's price \$17.97 each - (as of 11/11/2013) 150 oz. (96 loads) x 4.5 containers

1 container 672 oz. each 350 – 500 loads

Your cost \$55.00

Your cost would be \$80.87

Our 5 gallon containers are 672 oz. each. The largest containers found at various retailers are usually 150 ounces. Typically, they sell for nearly \$20.00 or more. If you bought two containers for \$40.00 for a total of 300 ounces, you still are far short from our 5 gallon pail of 672 ounces. That's less than half the price! This will last 350 -500 loads depending on load size. This is a great fundraiser and a better value for you!

Can RCCT count on your support this year?
